

SCHOLARSHIPS AND FINANCIAL AID

SCHOLARSHIPS, BURSARIES AND OTHER AWARDS

Financial assistance at King's consists of **scholarships**, which are generally awarded for academic performance, **bursaries**, which are awarded based on financial need, and **awards** that recognize excellence in either academics or co-curricular pursuits.

Application: Some scholarships administered by the University College are awarded automatically at admission; these are noted in the listings. Other scholarships and bursaries administered by the University College require an application, in which case application forms must be received by March 31 in order to be considered. Application forms are available in the Enrolment Services office. They will be sent out to prospective students on request or may be completed via www.kingsu.ca. To be considered, application forms must be completed in full, including any supplementary information required for the specific scholarships or bursaries.

Awards may each have their own application procedures and deadlines; please check the individual award for details.

Eligibility: In order to be eligible for scholarships and bursaries administered by the University College:

- New students must have received at least initial admission on or before March 31
- Returning students must have all incomplete grades resolved by the normal incomplete deadline
- All students must maintain full-time status (at least 9 credits per term) for both Fall and Winter terms, unless otherwise stated
- Registration requirements for all scholarships and bursaries are reduced by 3 credits for students with professionally evaluated disabilities
- Students must provide required documentation and information to support their eligibility for financial aid awards before the withdrawal deadline for the term, or the award will be forfeit.

- Thank you cards will be required by the Annual Awards Celebration, in order to show our appreciation to our donors.

Students registered for Winter term only may be considered for scholarships and financial aid, but will receive only half the award; however, students planning to enrol for both Fall and Winter terms will be given preference.

Students who have had scholarships or bursaries administered by the University College applied to their account, who become ineligible by program change, withdrawal or change to part-time status in the fall term will forfeit the winter term portion of the award. Students who are granted an award and do not adequately maintain registration for the Winter term forfeit half of the award.

In the event of any dispute, all final decisions regarding eligibility and the awarding of scholarships and bursaries will be made by the Financial Aid Committee.

Awards have similar eligibility rules but may have their own variations. Please see the individual listings for details.

Payment: Unless otherwise noted, all scholarships, bursaries and monetary awards administered by the University College are credited to the student's account in two equal amounts, half in the Fall term and half in the Winter term. Students who receive an award but who do not return to King's for further study will receive a certificate but will forfeit the monetary part of the award.

For students taking part in a study abroad program in their fall term their full award amounts will be deferred until the winter semester. For students who choose to study abroad in the winter semester, the first half of their awards will be deposited into their account in September with the second half coming in December, subject to confirmation of enrolment in the study abroad program. Should a student choose not to attend his or her program, awards will be distributed as per usual.
