

# The King's University

**FACILITIES** **\$47,045.00** **38%**

The funds received through the Research Support Fund have enabled The King's University to build and maintain its research facilities. The University is the home to two research centres: the King's Centre for Molecular Structure, and the King's Centre for Visualization in Science. Both of these have benefitted from the Research Support Fund grant.

**RESOURCES** **\$25,120.00** **20%**

Research Support Fund funds have been used to maintain the institutional electronic library resources essential to the various research programs at The King's University.

**ADMINISTRATION** **\$53,055.00** **42%**

The Research Support Fund funds have been used to provide the necessary administrative and management services in support of the research activity of the 52 faculty members at The King's University, and of the 10 summer undergraduate research assistants. These services include support in the preparation of grant proposals, administration of research grants, personnel administration, public relations services, and other general institutional support.
