Sessional Instructor: Computing Science

Part-time, term contract

POSITION SUMMARY

The Faculty of Natural Sciences at the King's University is seeking a sessional instructor for *CMPT 304: Web-Application Design* in the winter term of the 2021/22 academic year. This class meets 3 hours per week on Monday, Wednesday, and Friday from 11:00 – 11:50 am.

COURSE DESCRIPTION

This course introduces client-side and server-side development for creating modern Web-applications. Client-side development topics include HTML, CSS, JavaScript, and JavaScript libraries. Server-side topics include backend processing including input parsing and sanitation, developing asynchronous Web architectures using AJAX, and simple interactions with external data sources such as databases. Social issues related to Internet applications will be presented.

QUALIFICATIONS

- Minimum of a Master's degree in Computing Science with graduate-level course work in teaching area; Ph.D. preferred
- Post-secondary teaching experience as either a principal instructor or a teaching assistant.

A condition of employment is assent to the University's Christian Statement of Faith found at:
<https://www.kingsu.ca/about-us/careers>

Position will remain open until a suitable candidate is found. Forward resumes to:
